NORTHERN AFRICA: Bruce is currently in northern Africa holding an outdoor crusade in an Islamic country.

In conjunction with the crusade, a new church will be established in a town where there is no Christian church. A missions station had previously been in the area, but it was abandoned with no remaining fruit. A member of our national leadership team will move into the area and pastor the new church. Please pray for safety during travel and ministry and for a great revival among the Muslim people with the power of God being demonstrated.

The Regions Beyond: Accessible only by four-wheel drive vehicles, the remote wilderness surrounding the borders of Sudan and Ethiopia is home to the most primitive tribal groups in Africa. We are committed to bringing the gospel to people that have never heard of Jesus. In addition to our national staff members that serve as pastors and Bible teachers among these tribal groups, Bruce travels to the Omo Valley frequently. It is an arduous, dangerous and lengthy trip with no comforts of home or personal privacy. Let us know if you would like to be considered to accompany Bruce on an incredible mission experience.

Unreached Tribe Converting to Christianity: The first meeting was under a tree resulted in the tribal chief inviting us to start churches throughout the tribe. With each church we penetrate a little further into the deepest, darkest part of Africa remaining without the gospel. Formerly practicing ancient tribal religions and witchcraft, the people readily receive salvation when they understand the true sacrifice is Jesus and not animals, and that redemption is through forgiveness rather than works.

Northern Africa Ministry: Bruce has scheduled outdoor crusades, new church plantings and conferences for several areas of the Sahara Desert and northern Africa highlands. Most of the countries are almost completely Islamic, yet we have obtained government permission to preach on national television, allowing us to reach the hearts and minds of those unable or unwilling to come themselves.

Land Purchased For New Church

In August, property was purchased for the next church in the remote Omo Valley of Ethiopia. The tribal chief (center at left) began to jump with joy knowing a church was coming to his village.
