July 2012

REGIONS BEYOND: The entire northern half of Mali, including the legendary city of Timbuktu, has been seized by terrorists. The country was thrown into chaos following a coup d'état in March, and the Islamists took advantage of the power vacuum. Bruce will be in the region to hold an open air crusade that will be broadcast live on radio, reaching into the terrorist held territory in the north. Please read the section on the reverse side of this newsletter regarding this extremely important crusade and development of a new church.

Becky & Bruce McDonald

Pastors Conference: One of the most important aspects of our ministry is the continued training and development of pastors and church leaders. This long term commitment has resulted in an average of one new church started through our ministry every week. The conference in the photo was recently taken in Ethiopia, similar conferences occur in all of our areas of ministry.

Rival Rises From Threats: Three years ago, the Ethiopian army confronted Bruce and forced the cancellation of the outdoor evangelism deep in the mountains. In April 2012, we went back to the same place where the army made threats and were met by thousands of people hungry for the Word of God. Out of a desperate situation, revival arose in an amazing outpouring of the God's Spirit.

Northern Africa Crisis

We have received a request from officials for help in time of extreme famine. Two years ago, the same officials gave us permission to hold an open air crusade in an xxxxxx city and start a new church.

The country, which is located in the Sahara Desert, has been undergoing a severe famine, resulting in starvation throughout most of the country. Relief agencies have been unable to meet the ongoing needs and the people suffer.

We want to help meet this need and are requesting everyone pray for the people. If you can help us purchase food for the people, please send your financial contribution designated as "Food for Sahara".

Northern Africa Outdoor Crusade & New Church

Bruce will hold an open-air crusade in northern Africa. Terrorism is increasing in the areas where we minister, making it vital that we continue to evangelize and start churches in these volatile regions.

The cost for each crusade is around \$10,000 which includes broadcasting the crusade live on national media. This broadcast will reach into xxxxxx strongholds.

----- Sisters Saved

Please pray about a special offering to help us bring the gospel to Muslims in one of the most vital crusades and new church plants we have yet held.
